

LOCAL GOVERNMENT SUSTAINABLE ENERGY COALITION (LGSEC)

Industry Partners Program

ABOUT THE PROGRAM

LGSEC's Industry Partners Program is available to for-profit companies aiming to get more connected with California local governments and LGSEC members. It's vital that private sector companies, local governments, and non-profits are connected when working to achieve state climate and energy goals. There are a range of benefits available at sliding scale prices to tailor the company's involvement and needs. The Partnership is active for one year and must be renewed on an annual basis to retain benefits. To learn more, contact contact@lgsec.org!
