

THE LOCAL GOVERNMENT SUSTAINABLE ENERGY COALITION (LGSEC)

Supporting Local Governments for a Clean Energy Future

The Local Government Sustainable Energy Coalition (LGSEC) is a statewide membership network representing local government interests related to clean energy and climate resilience to state regulatory agencies. Together, LGSEC members advance sustainable energy and climate solutions to meet California's decarbonization goals through knowledge exchange, targeted learning opportunities, and statewide collaboration.

MISSION

LGSEC advances local government leadership on clean energy and climate resilience through regulatory action, policies, and programs.

VISION

Local governments are a leading and innovative force in achieving energy and climate goals to create resilient and environmentally responsible communities across California.

Shape the Regulatory Agenda

Connect Local Energy Leaders

Catalyze Innovation

Develop Longterm Strategies

LGSEC has built the blueprint for California's energy strategy through the formation of Local Government Partnerships (LGPs), Regional Energy Networks (RENs), and Community Choice Aggregations (CCAs).

“The LGSEC is a valuable resource for keeping up with the fluid energy regulatory landscape in California. Their board, staff and consultants condense this information into clear and relevant summaries, relieving members of this onerous task.”
